This warranty must be purchased within 14 days of the original purchase of the items it covers. In some cases, this warranty may be provided free of charge at the time of purchase of the items it covers.

WHAT IS COVERED AND FOR HOW LONG?

Regardless of the number of miles on the TPMS parts, the parts will be covered for a period of 12 months following expiration of the original manufacturer's warranty. See the "coverage period" listed on the front of this certificate.
